

BEGINNING VEGETABLE GARDENING

Gardening for a Healthier Life

DATES: May 6 & 13

TIME: 2:30 PM

LOCATION:

Mission Hills Library

COST: Free

In these two workshops on May 6 and May 13 at the Mission Hills-Hillcrest/Knox Branch Library, learn how to grow your own vegetables in a container with Sally Westmoreland, a master gardener from UCCE San Diego Master Gardeners. Learn the basics, such as healthy soils, composting, how to start seeds and transplanting, what vegetables to plant when, irrigation basics, fertilizing during the growing season, troubleshooting, harvesting, and many other great tips to have a successful gardening season.

Space is limited, and registration is required.
